

A Note from Mrs. Swartz.....August 29, 2016

Here's What's Happening

in Room 214...

This week in class we are focusing on the rules and procedures of our room. We will be doing a lot of teambuilding activities designed to get to know each other and get familiar with our daily routine.

I plan to do game-like academic activities, but I will not use our textbooks until next week. At that point you will see our weekly spelling and vocabulary lists coming home.

As your child's second grade teacher, I realize that I spend more hours of the day with your children than my own. It is my goal to foster positive relationships with each and every one of them.

I want them to enjoy coming to school, thirst for knowledge and be comfortable asking questions in my classroom. I hope to promote a structured learning environment in my class- we have a procedure for just about everything.... I ask that you encourage neatness, organization and conscientiousness as well.
