### **Purpose**

To ensure an environment supportive of student learning.

### **Delegation of Responsibility**

Each building level (elementary/middle/high) will maintain and enforce a standard of dress among students. These standards should be guided by the following questions:

- Is what a student is wearing disruptive?
- Would this standard of dress be appropriate in most work environments?
- Is the student reflecting a version of Pottstown School District that is positive to visitors and community members?

Specific details of that standard of dress can be found in the student handbook for each building. Administrators will assess the compliance rate each year and make determinations regarding changes to the standard of dress. These changes will be communicated to students, parents, and guardians in advance of the end of school in June.
