ACADEMICS AND ACTIVITIES
PARTNERS FOR EDUCATIONAL
EXCELLENCE

WINTER 2020-2021

Our Mission: *Prepare each student, by name, for success at every level.*

POTTSTOWN SCHOOL DISTRICT POINTS OF PRIDE WINTER 2020-2021

Student activities are an integral part of our educational program. Co-curricular programs are not only a way for students to have fun, but also a valuable educational tool. Activities provide an opportunity for all students to participate and help build community recognition and identity. Co-curricular activities are designed to instill school pride and teach life-long lessons. They support the academic mission of the school district and promote citizenship and sportsmanship. The activities program is a testing ground for the physical and emotional development of our young people.

IT IS BETTER TO BUILD STRONG CHILDREN THAN TRY TO REPAIR ADULTS.

Pottstown School District is proud of its past and confident of its future.

Go to <http://www.pottstownschoools.org/AlumniPages.aspx> and then click on any of the highlighted years. The yearbooks provide an engaging narrative into the proud history of Pottstown. One can go as far back as 1914 to see the interest and fashion of the day. Pottstown School District may be one of a few districts in the country to provide this unique feature as a way of sharing community pride in our schools. Pottstown High School has over 19,000 graduates who have gone on to distinguish themselves in every field of endeavor and given us reason to say *Proud to be from Pottstown*. It is an honor to share this look back to younger days with our graduates. We are not posting our most recent yearbooks because the High School still has some hard copies for sale. Not every yearbook is posted. The missing years are listed on the website. If anyone is willing to lend us one for scanning, please contact John Armato at 610-323-6271 / 484-256-7491 or jarmato@pottstownk12.org.

District "Cultural Competency" Initiative Starts With Celebration of Black History Month

Pottstown School District is using Black History month to kick off an initiative to make the district's lessons more inclusive of its multi-ethnic population. It's a mindset LaTanya White-Springfield, the district's director of student services and a Pottstown High School alum, calls "cultural competency." You can read about what to look forward to in Mr. Evan Brandt's [Digital Notebook Blog](#).

Pottstown Teacher Speaks Out About [School Funding](#)

The Pottstown School District has been at the forefront of advocating for equity and fairness in funding of our schools. Superintendent Stephen Rodriguez along with school board members Laura Johnson and Raymond Rose have helped to bring statewide awareness to the issue. Governor Wolf's proposed budget attempts to address the issue. Mr. Evan Brandt gives a well written summary of the issues in his [Digital Notebook Blog](#).

Board Members Join The Call For Charter Reform

The time is now for Pennsylvania charter school reform. As a school director, I see first-hand how the current charter structure imposes an unnecessary burden on local students and taxpayers. This op-ed, submitted by 73 school board members from across Montgomery County, addresses the need for reform.

Pottstown State Rep. Appointed Special Ed Funding Commission

State Rep. Joe Ciresi, D-146th Dist., has been appointed to the Special Education Funding Commission, a statehouse committee that will give him say over the skyrocketing costs of special education. “Ensuring fair funding of education is one of my top priorities. I am ready to get to work to ensure those school districts with the greatest special education needs are recognized and funded fairly, since having access to fair resources is what our students deserve,” Ciresi said.

Pottstown's special education population has grown from 3 percent of its total in 1980 to nearly 20 percent today, Pottstown School Board member [Thomas Hylton](#) wrote in a recent column. According to Hylton's analysis, the 20 most expensive special education students cost the Pottstown School District more than \$2.1 million a year. Read Mr. Evan Brandt's [Digital Notebook Blog](#) for the full story.

WRESTLING

Trojan Wrestlers Pin Down Academic Honors

Congratulations to members of the Pottstown High School Trojan wrestling team who are proving that hard work pays off on the mat and in the classroom. Nine members of the team earned academic honor at the end of the second marking period. Earning Distinguished Honors were, Jared Hewitt, Jestyn Snyder, Matt Deppen, Zoe Earle, Julianna Figueroa, Diego Jaime, and Kennedy Cole (team student support person). Named to Honors were Devon Green and Mason Miller. Coach Nick Wade said, "Wrestling provides the foundation to develop self-discipline and goal setting. I am proud of our student athletes who are putting our team philosophy of hard work pays off when you make every second count to work both on the mat and in the classroom. Trojan wrestling has a long history of wrestlers who have succeeded both athletically and academically. Today's team members are putting together the building blocks that will lead to success in their adult lives."

Trojan Female Wrestlers Win Battle In Gettysburg

Pottstown High School female members of the wrestling team traveled to Gettysburg to take part in an all-female dual meet tournament. They teamed up with Gettysburg High School to take on teams from ten other schools from across the state in three rounds of competition. The Trojans with their Gettysburg partners went undefeated for the day scoring three convincing victories. Individually the Trojans had great success with Mia Bumbarger going 3-1 on the day with 3 pins the fastest in 26 seconds. Zoe Earle looked strong, scoring 2 pins while going 2-1.

Julianna Figueroa went 3-1 with 2 pins, fastest in 29 seconds. She dropped a hard fought 9-5 loss to one of the top ranked wrestlers in the nation. Coach Wade said, "I am very proud of our wrestlers. Their hard work is paying off. They come to practice every day ready to put in the work to improve. Today was an example of Effort - Execution - Results. Our wrestlers are part of a statewide effort to have the PIAA recognize female wrestling as an official sport."

Celebrating Black History Month

Check out the activities our teachers are doing virtually!

-Mr. Martin's 7th grade Social Studies class started with a google earth tour focusing on lesser-known Distinguished Black Pioneers of history and then watched a 10 min video clip about Ruby Bridges giving a first-hand account of breaking the color barrier in school. They then followed it up with a discussion about how living in a diverse community like Pottstown can help with the acceptance of all people.

-Art Teacher at Franklin & Rupert Elementary, Ms. Procsal, taught her 3rd & 4th graders about one person making a difference and how Martin Luther King Jr. did so non-violently. Students then watched a tutorial video on how to create their own MLK art piece.

-Ms. Rothenberger's 5th-grade homeroom class learned about 1 famous African American every morning from a slide presentation that the 5th/6th Middle School principal, Danielle Davis had found. The slides have a read-aloud, famous quote, and then a short video/biography on the famous person. Ms. Rothenberger said it has sparked many morning conversations!

Congratulations to Pottstown High School teacher Arden Moore! Arden was selected as a

Frontline Hero by the Philadelphia Phillies! Frontline Heroes will be honored with a big "sign of gratitude" from the Phillies and their fans. Arden is recognized for continually stepping up to the plate to serve the community during the pandemic. She is one of only 41 Frontline Heroes honored and spotlighted with a street sign banner surrounding Citizens Bank Park. The banner will be on display beginning with the Phillies opener on Thursday, April 1st.

Arden was nominated for her continued efforts as a Special Education teacher at the high school. Arden has been teaching Life Skills from the building every day since August, while receiving chemotherapy treatments.

"There can never be enough gratitude shown to the extraordinary men and women who have been on the front lines since the onset of the pandemic," said Michael Harris, Phillies Vice President, Marketing & New Media. "Their bravery and commitment to the community is remarkable. With the help of our fans, some of these amazing individuals who go above and beyond each day will now be honored in a unique and memorable way at Citizens Bank Park."

Trojan Proud of Arden, for all that she does for Pottstown's students every day! She gives us another reason to say Proud to be from Pottstown.

HIGH SCHOOL

What Is Cooking On The Front Burner

Thanks to Pottstown High School Director of Career & Technical Education, Dave Livengood, the culinary arts students have a brand new line of equipment to help them develop the skills they will need to enter the workplace. Mr. Livengood was able to partner with equipment supplier Vulcan and 4 Star Reps to secure a \$50,000 grant which, along with matching funds, were used to replace old outdated equipment in the kitchen that serves as a working classroom.

Teacher, Chef Steve Irick, a PHS graduate of the program himself, pointed out that the 20+ year old equipment for both group instruction and multiple catering events a month had seen better days. "I am pretty sure most of this equipment was here when I was a student in the program."

Livengood proudly said, "With the help of 4 Star and Vulcan, we now have a state-of-art kitchen that will greatly improve the students' learning experience."

PHS Marketing Students Shine In Competition

Pottstown High School marketing students (DECA), under the direction of sponsors Kevin Pascal and Victoria McShea, participated in the Annual District 8 Career Development Conference. DECA is a noteworthy career and technical student organization that is conducted through high schools and colleges. Due to COVID challenges this year's district competition was completed online, rather than in person. Of the 24 students that competed, 9 earned place winner medals and will be competing at the DECA state conference. The competition involved students taking a 100 question content test and a situational role play. Students' role playing is judged on the effectiveness of their responses to the business situations and inquiries that are presented to them. Both the test and role play expose competitors to real-life scenarios and provide valuable experience and knowledge. Their very proud sponsor Ms. McShea said, "We are so proud of these

amazing students. They were able to overcome so many obstacles with a fully virtual competition and they prevailed and exceeded expectations! They are learning first hand that hard work pays off. DECA students give us another reason to say Proud to be from Pottstown."

The purpose of DECA is to educate students about various aspects of business, while promoting leadership, hard work, and productivity. Through DECA, students are encouraged to explore numerous occupations and utilize resources to challenge themselves.

Award winners included:

Iyesha Belgrave	Hospitality Tourism Team Decision Making	1st Place & Highest Test Score

Pottstown High School senior Kishan Patel is another example of hard work paying off. As an honor student, one of the Senior Student Representatives to the school board, and an advocate for state reform of educational funding system his days are filled with work. He was awarded a \$25K national scholarship.

You can read all about it in Mr. Evan Brandt's [Digital Notebook Blog](#).

VOICES OF INEQUITY

Journalism students at Ursinus College, supported by a grant from Project Pericles, dedicated a semester to interviewing students at Montgomery County public high schools to get their perspective on the impact Pennsylvania's inequitable school funding had on their education. Thanks to Professor Doron Taussig and his students for helping be the voice and tell the story of the students, schools and communities that struggle with an unfair, unethical funding system that stands as a roadblock to success. Special thanks to Mercury reporter Mr. Evan Brandt for all of his efforts to help bring justice and equity to school funding.

MIDDLE SCHOOL

[“Ice Ride” Entertainment For a Stay at Home day](#)

Mrs. Katie German, Pottstown Middle School Band Director, and the 7th/8th grade band presented an entertaining virtual "Ice Ride" concert on a cold snowy day in February. The concert was composed especially for the band by composer, Ben Hylton, and includes a cinematic backing track with ice sound effects. Please enjoy the talents of our students and share another reason we say, "Proud to be from Pottstown."

ELEMENTARY

Rupert Elementary Principal Mr. Matt Moyer and his staff recognize that the challenging times of COVID have caused many students to feel a loss and need for face-to-face interaction. With facemask on, the Rupert Elementary I'MPACT team visited the homes of its students. The team went out to visit students from each grade level to congratulate them and their families, and to acknowledge student successes during the 3rd Marking Period. I'MPACT is an acronym for I'm Pottstown Action Community Team. Its mission is to "Celebrate Learning" with positive communication of activities happening at school through the building of relationships with community members. The team makes door-to-door visits to surprise students and their families with certificates of achievement, yard signs, and I'MPACT Winner shirts. Students are congratulated for their hard work, citizenship, and positive behavior. The I'MPACT Team consists of teachers, support staff, and administrators from Rupert Elementary School. Speaking to the importance and power of the visits Mr. Moyer said, "Even a pandemic and Covid-19 didn't stop us from recognizing our students!! The hour we spend visiting our students and recognizing their achievements, brings joy to our team!"
