

NEW GROUPS FORMING FOR TRIPLE P – POSITIVE PARENTING

Hello Parents!

In January 2022, Triple P – Positive Parenting groups will be forming. These groups are designed to improve the relationships between parents and children and to strengthen families. You will receive tips on managing typical child behaviors as well as support from other parents in the group.

All of the groups will occur virtually. Each session will only last one hour (we know you are all busy!) and the groups will last five weeks. We plan to have a daytime group as well as an evening group to accommodate many schedules.

We would love to have you participate in Triple P! If you are interested or have questions, you can reach me at 484-925-1423. This program is free to all Montgomery County residents.

Hope to hear from you,

Pamela Bradley
